The RoadX MS660 mixed service drive tire features a robust tread design that delivers exceptional traction and durability in both on-road and off-road applications. The MS660's broad footprint provides superior stability and flotation characteristics. The deep 29/32^{nds} tread depth provides excellent tread life while the enhanced rubber compound resists cutting and chunking in off-road applications.

APPLICATIONS

- Line Haul Trucks
- Regional Trucks
- Dump Trucks
- Refuse Trucks
- Mixed Concrete Trucks

TIRE FEATURES

- 1 Deep tread depth for excellent tread life.
- 2 Open shoulder design delivers superior traction.
- 3 Enhanced rubber compound resists cutting & chunking.
