* All steel construction specifically designed for Trailer application only. Requires special high load capacity wheel. Consult wheel manufacturer for proper application. Tread may differ from image shown.

The RoadX RH620 is a premium all-position rib engineered with an advanced rubber compound to deliver exceptional tread life. The RH620 features wide circumferential grooves which provide superior water evacuation. Its wide footprint allows for improved load distribution resulting in superior stability at all wheel positions while minimizing irregular wear. ST sizes featuring all steel construction are specifically designed for use in specialty trailer applications

APPLICATIONS

- Line Haul Trucks
- Regional Trucks
- Transit Buses / Autobus
- Refuse Trucks
- Dump Trucks

TIRE FEATURES

- 1 Enhanced rubber compound to increase durability.
- 2 Multiple rib design delivers exceptional stability.
- 3 Solid shoulder design.
