The Wind Power WSL61 is a premium steer tire engineered to deliver long tread wear and superior handling characteristics. The WSL61's wide footprint and solid shoulder ribs provide excellent directional stability. Horizontal sipes coupled with 4 broad circumferential grooves efficiently channel water away from the tire. The WSL61 is an ideal tire for highway use in both line haul and regional applications.

Tire Features:

- Directional design for superior traction and all-weather handling
- Optimized decoupling groove for steer positions
- 5-rib design and extra-wide shoulders for high speed stability

Applications:

- Long Distance Trucks
- Regional Trucks
- Pick-up & Delivery Trucks
